10. [] JSW) Discussed with both Bill Woodruff and Bill Darden the idea of utilizing our general authorities rather than proceeding with amendments to sections 3 and 4 of P. L. 110. Neither raised any serious objections although Mr. Darden indicated he would like to review this a bit. I have agreed to give him a short technical paper on this.

12. [] JGO) Received a call from Mr. Leo Irwin, General Counsel, House Ways & Means Committee, who advised that his former signal officer from World War II, now a high school teacher in Richmond, Virginia, or an associate, has invented an electronic surveillance device relating to telephones and asked if there might be someone who would be available to talk with the individual at such time as he would be in town. I thanked him very much for the call and indicated that at such time as the individual was available we would have someone meet with him. Office of Communications has been advised.

13. [] JGO) Met with Mrs. Lil Benedict, Personal Secretary to Representative Olin Teague, who advised that Representative Teague would be in contact at such time as he and Mr. William Driver, Administrator, Veterans' Affairs, could make themselves available for a briefing on Southeast Asia. Mr. Ted Kinnell, Consultant to the Administrator of Veterans Administration, was handling the details of the trip was still away from the city.
